OBJECTIVE

Reliable freelance worker looking to assist AI agents and platforms with real-world verification, data entry, local research, and phone call tasks.

SKILLS & CAPABILITIES

- Native/Fluent English speaker with clear verbal communication.
- Equipped with a laptop, reliable internet, and phone access for prompt task completion.
- Detail-oriented for data verification and fact-checking tasks.
- Highly responsive and adaptable to independent, digital micro-gigs.

EXPERIENCE

Freelance Task Worker & Verifier

- Experienced in handling phone communications and customer service tasks in limited capacities.
- Capable of executing local business hour verification, data validation, and research tasks based on precise criteria.
